WORK EXPERIENCE

Full Stack Developer Intern
Thought Applied Creations

06/2023 - 09/2023

Raipur, Chhattisgarh
- My training experience at Thought Applied Creations comprises learning Full Stack development (HTML, CSS, JavaScript, Node.js, React) and building various projects based on a real-life environment.

SKILLS

Data Structure | C++ | JavaScript | Html | Css
NodeJs | ReactJS | Tailwind CSS

PERSONAL PROJECTS

Event and Task Management System
- Event and Task Management System is used to seamlessly plan events, schedule tasks, set reminders, and collaborate with your team in real-time. It is developed using Html,Css ,Javascript and Nodejs .

Expense Tracker
- It maintains a record of expenses and calculates the overall costs. The Credits are shown in green colour and the debit in

Weather App
- Build a weather application that fetches weather data from a public API and displays it to the user. Use Node.js on the backend to make API requests and serve the data to the frontend

E-commerce Website
- Developed an e-commerce website where users can browse products, add them to a shopping cart, and proceed to checkout. Used Node.js for handling product inventory, user authentication, and payment processing.
